Education

RV Institute of Technology and Management

B.E. Computer Science Engineering

CGPA: 7.72

Bengaluru

2023 – 2027

Projects

Real-Time Gym Exercise Posture Correction and Injury Risk Detection

Python — OpenCV — MediaPipe

- Developed a real-time gym exercise posture analysis system using Python, OpenCV, and MediaPipe for form monitoring and corrective feedback.
- Analyzed 33 gym exercises across 6 muscle groups using pose landmarks and joint-angle calculations to identify incorrect exercise form.
- Provided real-time posture feedback and repetition counting using computer vision techniques.

Agri-Bot: AI-Powered Agricultural Assistant

React.js — Node.js — RAG — Pinecone

- Designed a retrieval-augmented agricultural assistant using 30,000+ government farming Q&A records to provide context-aware responses.
- Built semantic search using vector embeddings and Pinecone to retrieve relevant agricultural information for user queries.
- Added plant-disease image analysis, real-time weather information, and voice interaction to support agricultural decision-making.

Glass-Box Browsing Companion

Python — FastAPI — JavaScript — Chrome Extension — Gemini

- Developed a context-aware browser assistant using a Chrome Extension and Python FastAPI backend to provide real-time webpage assistance.
- Implemented webpage context extraction to analyze content from the active browser tab and generate relevant responses.
- Integrated Google Gemini 2.5 Flash and built an interactive browser side-panel using JavaScript, HTML, and CSS for AI-assisted browsing.

Technical Skills

Programming Languages: C++, Python, Java, SQL

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js

Developer Tools: VS Code, Git, GitHub

Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Soft Skills: Problem Solving, Team Collaboration, Logical Thinking, Communication

Certifications & Achievements

- **VTU Inter-Collegiate Badminton Tournament** – Represented RV Institute of Technology and Management (RVITM) in the VTU South Division Badminton.
- **VIBE-A-THON 2026** – Participated in a 24-hour hackathon organized by Nexora and the Department of Computer Science & Engineering, Nitte Meenakshi Institute of Technology, Bengaluru.
- **Agentic AI Saksham Program** – Completed a 2-day Agentic AI program conducted by RV Institute of Technology and Management in collaboration with Capabl.
- **Operating System Fundamentals** – Scaler Topics
- **Java Spring Boot** – Infosys Springboard
- **Mastering Data Structures & Algorithms using C and C++** – Udemy
