Education

RV Institute of Technology and Management

B.E. Computer Science Engineering

CGPA: 7.72

Bengaluru

2023 – 2027

Chimalgi PU College

Class XII

69.33%

Gulbarga

2023

Kenbridge School

Class X (CBSE) 80%

Gulbarga

2021

Projects

AI-Based Real-Time Body Posture Correction and Injury Risk Detection

Python — OpenCV — MediaPipe

- Developed an AI-powered posture correction system using Python, OpenCV, and MediaPipe.
- Calculated body joint angles in real time to analyze exercise form and detect posture errors.
- Provided live corrective feedback and integrated repetition counting using computer vision.

Agricultural Chatbot

Python — NLP — REST API

- Built an AI chatbot to assist farmers with crop, soil, fertilizer, and weather-related queries.
- Integrated NLP techniques to understand user queries and generate relevant responses.
- Connected weather APIs to provide real-time agricultural recommendations.

AI-Based Resume Filtering System

Python — Node.js — React.js

- Designed and developed an AI-powered resume screening system to automate candidate shortlisting using NLP techniques.
- Implemented resume-to-job matching by extracting keywords and calculating skill relevance scores.
- Built a React.js dashboard with a Node.js backend for uploading resumes, viewing rankings, and managing shortlisted candidates.

Technical Skills and Interests

Languages: C++, Python, Java, SQL

Web Development: HTML, CSS, JavaScript, React.js, Node.js

Developer Tools: VS Code, Git, GitHub

Soft Skills: Problem Solving, Team Collaboration, Logical Thinking, Communication

Areas of Interest: Artificial Intelligence, Machine Learning, Web Development, Data Structures & Algorithms

Certifications & Achievements

- **VTU Inter-Collegiate Badminton Tournament** – Represented RV Institute of Technology and Management (RVITM) in the VTU South Division Badminton.
- **Agentic AI Saksham Program** – RV Institute of Technology and Management & Capabl
- **Operating System Fundamentals** – Scaler Topics
- **Java Spring Boot** – Infosys Springboard
- **Mastering Data Structures & Algorithms using C and C++** – Udemy
- **Research Publication** – Co-authored "F1 Strategy Analysis Using Artificial Intelligence", published in the **International Journal of Creative and Open Research in Engineering and Management (IJCOPE)**, Vol. 02, Issue 04, April 2026. DOI: 10.55041/ijcope.v2i4.1054.
